

# SPARE PARTS CATALOG

## Fuel vehicles

Reliable, no matter where.

The LAG Spare Parts catalog is a comprehensive range of all-make trailer parts and workshop consumables. Developed by LAG trailers NV, it's available through the European LAG dealer network.

LAG offers an extensive range of parts for all their build trailers but also for all other trailer brands, and a market-leading selection of consumables. All products are OE and OE quality ensuring the best for your vehicle. The entire range of LAG products can be found and easily identified in our quick reference catalogues.

By offering a comprehensive range in one place means you can reduce your supplier base and associated costs. After all different suppliers mean different admin systems - which means extra cost and hassle for you.

Once you have identified the part(s) you require, simply call, email or visit your local LAG dealer. You'll find your local branch on the following pages or on our website. Each has a broad range of parts and consumables in stock, and any not immediately available will, in the vast majority of cases, be available through the LAG parts express delivery system.

We choose only products that meet our stringent standards of both quality and durability, and back them all with standard LAG warranty terms and conditions.

Whether you carry out your own fleet maintenance, or it's conducted by your local LAG dealer, the LAG program can save you time and money, maximizing the uptime of your fleet whilst reducing the overall cost of your operation. The range is constantly being expanded, so you will always find what you need.

LAG spare-parts catalog is just one of the programs that LAG offer to support your business. Your local dealer is your one-stop partner for your transport solutions. Under one roof you will find professionals who can help you.

All brands marks images and associated copyright and other intellectual property (including Part Numbers where relevant) are owned by LAG trailers, or the respective producers, owners, or distributors of other makes. No rights or licences are granted to any third party without the express prior written agreement of the owner. Any third party supplier/manufacturer Part Numbers are displayed for comparative purposes only, and are not a statement of origin or manufacture of the product available. This catalogue replaces all previous versions. In kind of mistakes and to be sure for the latest information always ask LAG for the latest version of this catalog. Every effort is made to ensure accuracy but LAG is not liable for any errors or omissions. Inclusion of any product or service is not an offer capable of acceptance, and any orders must be placed and accepted by LAG or any selling dealer on their standard terms of sale. LAG standard terms of sale apply to any use of or enquiry relating to this catalogue/on line publication, and are available on [www.lag.be](http://www.lag.be) or [www.lagservice.eu](http://www.lagservice.eu) or your local LAG Dealer. Images are for illustrative purposes only and products available or supplied may vary in finish or other detail without affecting functionality. Sales are subject to the warranty and limitations applying to the product and relevant manufacturer/supplier. All products are subject to availability and the prevailing price at time of binding order.
